Rose  
Bud  
Thorn

For students who need help getting into the **routine** of **writing every day**, Rose Bud Thorn is an app that **provides a simple set of questions** that allows people to make quick entries. With **a simple user interface**, Rose Bud Thorn makes diary writing a **low stress experience**.

# Problem

**Problem:** A lack of mental health resources on college campuses

**Stakeholders:** Students, Friends, Parents, UHCS

**Solution:** An app that uses the Girl Scout's *Rose, Bud, Thorn* template to create a writing routine as well as a platform for students to access mental health resources.

**Tasks:**

1. Writing a diary entry
2. Accessing a mental health resource
3. Viewing old diary entries

# Demo

**Task:** Writing a diary entry

**Design Decisions:**

1. Navigation bar
2. Button placement
3. Text box sizing

# Evaluation

## Heuristic Evaluation

1. Button consistency (consistency & standards)
2. Connection between writing workflow and resources (first time usability)
3. Cosmetic improvements (consistency & standards)

## Future Goals

1. Aesthetic improvements
2. Backend functionality
3. More testing!
